16(1) The City Police and/or a licensed veterinarian shall be empowered, in their absolute discretion singly or together, to discharge any gun, firearm, pellet gun or other compressed air propellant, as the case may be, in the course of their duties of enforcing this or any other section of this by-law.

Animal Bites

16(2) The animal control officer:

- (a) shall apprehend, impound and place in quarantine any dog or cat that he has reason to believe has bitten a person; and
- (b) may apprehend, impound and place in quarantine any other domestic pet that he has reason to believe has bitten a person if, in his discretion, such action in respect of the domestic pet is necessary for the protection of the public; (in either case, the "aggressor animal"), whether on private premises or elsewhere, and whether or not the skin was directly punctured or lacerated by the bite, except that this provision shall not apply to a police service dog owned by a public law enforcement agency while on duty and under the control of a qualified dog handler.

16(3) If the aggressor animal is not voluntarily surrendered to the animal control officer by the owner, the animal control officer shall be empowered to apprehend and impound the aggressor animal and, if necessary, to apply to a provincial court judge, magistrate or justice of the peace, as required, in order to obtain an order to enter the personal residence of the owner for the purpose of apprehending and impounding the aggressor animal.

16(4) Any aggressor animal so apprehended and impounded at the pound shall, subject to subsection 12(10) herein, be quarantined for a minimum of ten (10) days at the owner's expense, commencing from the date of impoundment (the "quarantine period").

16(5) The animal control officer may, in his discretion, authorize the owner of the aggressor animal to quarantine the aggressor animal in a place other than the pound, provided that such place is under the direct supervision of a licensed veterinarian and that the aggressor animal must remain at such place at the owner's expense for the quarantine period.

16(6) Subject to a determination by the animal control officer pursuant to subsection 12(9) hereof that the aggressor animal is not a dangerous animal, the aggressor animal may be released to the owner after expiry of the prescribed quarantine period upon payment by the owner to the poundkeeper of a pound fee calculated at the daily rate set out in the most recent "Fees and Charges By-law" together with any costs or fines assessed against the owner hereunder. In the event that the owner fails to redeem the aggressor animal from the pound within three (3) days after expiry of the quarantine period, the aggressor animal shall be sold, or otherwise disposed of, or destroyed at the discretion of the poundkeeper.

16(7) The animal control officer shall keep a record of all bite incidents, identifying the aggressor animal and the details of the incident, and such record may be used in any hearing or appeal with respect to the dangerous animal provisions contained herein.

16(8) The head of any aggressor animal quarantined for biting that dies while quarantined and prior to the veterinary examination required pursuant to subsection 12(9) hereof, shall be submitted to the Canadian Food Inspection Agency for rabies examination.

16(9) Every aggressor animal shall be examined by a licensed veterinarian approved by the animal control officer prior to release from quarantine. The determination as to whether or not the aggressor animal can be released from quarantine or must be destroyed or otherwise

disposed of, shall be at the discretion of the animal control officer based upon the following factors:

- (a) the medical report of the licensed veterinarian who has examined the aggressor animal;
- (b) whether or not the public health authorities are prepared to consent to the release of the aggressor animal;
- (c) the severity of the bite incident, the circumstances surrounding the incident and the consequences of the incident;
- (d) whether or not the aggressor animal is, in the opinion of the animal control officer, a dangerous animal;
- (e) whether or not the aggressor animal is a restricted animal, and if yes, whether or not the provisions of Part VII hereof have been complied with by the owner; and
- (f) proof that the aggressor animal does not have rabies, and that the aggressor animal has a current rabies vaccination status at the date of the bite incident.

16(10) Notwithstanding the provisions of subsection 16(4) herein, it shall be within the discretion of the animal control officer to release an aggressor animal prior to the expiry of the quarantine period and to impose conditions upon the release of an aggressor animal from quarantine, which conditions may include, without limiting the generality of the foregoing:

- (a) the owner shall take the necessary measures to ensure that the aggressor animal is confined to the owner's premises in such a manner as to prevent escapes, and to ensure that all direct contact with other animals and persons other than the owner is avoided;
- (b) the owner shall post in a conspicuous location at the entrance of the premises where the aggressor animal is confined, a sign which reads "*Beware of Dangerous <type of aggressor animal>*";
- (c) the owner shall submit the aggressor animal for veterinary examination from time to time as may be prescribed by the animal control officer, and shall report the results of any such veterinary examination to the animal control officer;
- (d) the owner shall take out and pay for such liability insurance on the aggressor animal as may be prescribed by the animal control officer;
- (e) the owner shall be responsible for all costs, fines and damages associated with the aggressor animal, including the costs of impoundment, quarantine, signage and veterinary fees, pound fees and license fees, and any costs associated with liability to the victim or victims of the bite incident;
- (f) such other conditions as the animal control officer may deem necessary or advisable in the interests of public safety.

Determination that an animal is a dangerous animal

17(1) Where the animal control officer has reason to believe that an animal, including but not limited to an aggressor animal under section 16, is a dangerous animal, he shall arrange a hearing before Council at a regularly scheduled or special meeting of Council to determine whether or not the said animal should be declared a dangerous animal. In the event that an owner voluntarily accepts the dangerous animal declaration and the recommended disposition of the matter made by the animal control officer, a hearing before Council may be dispensed with, and the recommended disposition of the matter shall constitute a final order in respect of which there is no appeal.

17(2) Where it is deemed necessary by the animal control officer to protect the public or other animals pending the decision of Council, the animal control officer may:

- (a) require that the animal be quarantined in the pound until the earlier of the date that the animal control officer determines that it is safe to release the animal to the custody of the owner or until Council hears the matter and issues its determination; or
- (b) may impose all or any of the conditions set out in subsection 16(10) of this By-law upon the owner's custody of the animal, which conditions shall apply until the earlier of the date that the animal control officer determines that it is safe to remove the conditions or until Council hears the matter and issues its determination.

17(3) Council shall provide written notice of the hearing to the owner of the animal at least five (5) days in advance of the hearing by serving notice upon the owner or by mailing the notice by registered mail to the last known address of the owner. In the case where the animal alleged to be a dangerous animal is a dog, the animal control officer shall be entitled to mail the said notice to the last address provided by the owner to the City in relation to the licensing of the said dog. The notice shall include the following minimum information:

- (a) the time, place and purpose of the hearing;
- (b) a summary of the reasons in support of the allegation that the animal is dangerous;
- (c) a copy of this section 17 of the By-law; and
- (d) a statement that if the owner does not attend the hearing, the matter will be dealt with in his absence and that he will not be entitled to any further notice or appeal in regard to the proceedings concerning the animal.

17(4) (a) The owner has the right to appear at the hearing, with or without counsel, and to make submissions to Council and call evidence (whether viva voce or documentary) on his behalf. The owner also has the right to hear all of the evidence and submissions presented at the hearing by or on behalf of the animal control officer and to inspect any documents filed by or on behalf of the animal control officer, and to respond to same.

(b) Where the owner does not attend at the hearing, having been given notice as provided in accordance with this section 17, Council shall be entitled to deal with the matter in his absence, and the owner shall not be entitled to any further notice or appeal in regard to the proceedings concerning the animal. The owner shall be notified of the decision of Council by notice in writing delivered by personal service or registered mail in the manner set out in subsection 17(3) hereof.

17(5) Within five (5) working days of the hearing of Council, Council shall issue a written decision in accordance with the following provisions:

- a) The Council shall make an order declaring the animal to be a dangerous animal if in their opinion:
 - (i) the animal has caused injury to or killed a person, whether on public or private property; or
 - (ii) the animal has seriously injured or killed any other domestic animal or any livestock without provocation; or
 - (iii) the animal is used primarily for the purpose of guarding property and is not a police service dog owned by a public law enforcement agency.
- (a) The Council may make an order declaring the animal to be a dangerous animal if, in their opinion, there is a material risk that the animal may cause damage or injury to person or property or any other animal, taking the following non-exhaustive factors into account:
 - (i) whether the animal has worried, bitten, wounded or injured any person or animal, or is otherwise an aggressor animal;

- (ii) the circumstances surrounding any previous worrying, biting or wounding incidents; and
- (iii) whether the animal, when unprovoked, has shown a tendency to pursue, chase or approach in a menacing fashion, any person or any other animal upon any public or private property.

17(6) The Council shall deliver a copy of their decision to the owner in the manner provided in subsection 17(3). There shall be no obligation upon Council to issue written reasons for their decision.

17(7) The decision of Council shall be final. There shall be no appeal from the decision of Council.

17(8) In the event that a dog is declared by Council to be a dangerous animal, any license previously issued in relation to that dog shall be deemed to have been cancelled effective as of the date of Council's decision to declare the dog to be a dangerous animal.

17(9) Where a license is deemed to have been cancelled pursuant to subsection 17(8) hereof, the owner shall be entitled to a credit or refund on any paid-up license fee, calculated on a quarterly pro rata basis. The City may set-off against any such refund, any fines, fees or costs owing by the owner under this By-law.

17(10) Every owner who has received notification from Council pursuant to subsection 17(3) that a determination hearing will be held with respect to his animal, shall ensure that the animal remains confined upon the premises of the owner pending the final outcome of the hearing.

17(11) Subsection 17(10) shall not apply if the animal is impounded or the animal control officer receives written confirmation from a licensed veterinarian that the animal has been placed in quarantine pending outcome of the hearing.

Consequences of dangerous animal declaration

18 (1) Where Council has declared an animal to be a dangerous animal the dangerous animal shall be destroyed. The decision of Council shall be final and not subject to appeal.

Destruction of dangerous animal or aggressor animal

19(1) Where it appears on reasonable grounds that an aggressor animal has caused injury or damage to any person, property or any other animal or if the animal control officer otherwise has reasonable grounds to believe that an animal presents a risk to any person, property or any other animal and such animal has been declared a dangerous animal by Council, the animal control officer may apprehend and impound the animal for the purpose of destroying it. In the event that an animal is causing an immediate risk to any person, property or any other animal, the animal control officer is authorized to apprehend and impound the said animal notwithstanding that it has not been declared to be a dangerous animal by Council at the time of its apprehension and impoundment.

19(2) When the animal control officer impounds an animal under this section 15 for the purpose of destruction of the animal, he shall give the owner written notice, delivered to the last known address of the owner, that the animal will be destroyed after the expiry of ten (10) days from the date of the notice. The owner may, during that time period, appeal the decision of the animal control officer to Council by providing notice in writing to the Chief Administrative Officer of the City, in which case Council shall hold a hearing at a regularly scheduled meeting of Council as to whether or not the animal should be destroyed, which hearing shall be carried out in accordance with the provisions of section 14 hereof. The animal shall remain quarantined in the pound pending the outcome of the hearing.

PART VI: LIVESTOCK

20(1) The keeping of livestock shall only be permitted in those areas of the City which are zoned agricultural and as permitted by the City's zoning by-law in effect from time to time. If so permitted, Council may specify the number and kind of livestock, which may be kept on any such premises within the City, and it shall be an offense under this By-law to keep any livestock in excess of the prescribed number and kind.

20(2) An owner shall not permit his livestock to run at large within the City. When livestock is found running at large, its owner shall be deemed to have refused or failed to comply with this By-law.

20(3) Council, or the animal control officer on the authority of Council, may establish from time to time a temporary or permanent premises for the confinement of livestock apprehended pursuant to the provisions of this By-law. This may include the premises where the apprehension took place, and the owner of such premises or any other such person as may be authorized by Council, shall provide care for the impounded animals at a rate of remuneration to be fixed from time to time by the Council. The Chief Administrative Officer of the City may authorize the establishment of a temporary pound, which temporary pound shall be ratified at the next regularly scheduled Council meeting.

20(4) When livestock is impounded, the animal control officer shall publish notice of the impoundment in a newspaper that is generally distributed within the City as well as post a notice at the office of the City. This notice shall describe the livestock so impounded, including any identifying tags, marks or brands, the day of impoundment, along with the location within the City where the livestock were found running at large.

20(5) If the identity of the owner is known, the animal control officer shall serve directly upon the owner or mail a notice of impoundment to the owner at his last known address.

20(6) The owner of the livestock shall not be entitled to the return of the livestock until the actual costs incurred by the City in apprehending and impounding the livestock, together with the costs of caring for the livestock and any fines imposed pursuant to this By-law, have been paid in full.

20(7) If no person claims the livestock within ten (10) days of the date of the notice of impoundment, or if the owner has not paid the costs and fines referred to in subsection 20(6), the animal control officer may sell or otherwise dispose of the livestock without further notice to the owner, the proceeds of which shall be paid to the general funds of the City.

PART VII: RESTRICTED ANIMALS

Prohibition on restricted animals

21(1) Except as may be permitted by the City's zoning by-law in effect from time to time, no person shall keep, harbour, possess or control any restricted animals within the City without a permit issued by Council.

Application for permission to keep or harbour a restricted animal

21(2) Upon receipt of an application from any person to keep a restricted animal, Council shall comply with the notice and hearing requirements applicable to conditional use applications as set out in *The Planning Act* (Manitoba). Provided however, that applications from the owner or operator of a traveling show to keep a restricted animal in the City on a temporary basis may be considered by the Chief Administrative Officer without compliance with the notice and hearing requirements aforesaid. Council (or the Chief Administrative Officer, in the case of an application for a permit on a temporary basis) shall decide based on the application and any written or oral submissions of the applicant, whether or not to grant a permit to the applicant to keep or harbour the restricted animal within the City and shall advise the applicant in writing of their decision. Council or the Chief Administrative Officer, as the case may be, may impose conditions upon a permit to keep or harbour a restricted animal and any violation of such conditions by the owner shall invalidate the permit provided by Council and shall constitute an offence under this By-law.

Temporary impoundment

21(3) If deemed necessary in the interests of public safety, the animal control officer may apprehend and impound any restricted animal pending the outcome of any hearing to decide an application made pursuant to subsection 21(2) hereof.

Inventory of restricted animals

21(4) Any owner who has been granted permission by Council to keep one or more restricted animals within the City shall, on an annual basis and on the form prescribed by

Council from time to time for this purpose, provide Council with an inventory of the restricted animals kept by the owner within the City, together with the annual permit fee.

21(5) Council may at any time and from time to time change the conditions that an owner must satisfy in order to keep a restricted animal, and any failure to comply with any such condition upon notice thereof shall invalidate the owner's permit to keep the restricted animal within the City.

21(6) (a) Any person who keeps, harbours or has possession or control of a restricted animal in the City on or before the time that this By-law comes into force or effect, shall have thirty (30) days from the coming into effect of this By-law to obtain a permit from Council to continue to keep the restricted animal, failing which the owner shall sell or give the restricted animal to a person outside of the City or shall otherwise dispose of the restricted animal in a manner which ensures that the restricted animal is no longer within the City. Any such sale, gift or disposition shall be in accordance with all laws, rules and regulations, which may pertain to the sale or disposition of restricted animals, and the City accepts no responsibility for the manner of sale or disposition.

(b) Council may grant such longer period of time to an owner of a restricted animal who falls within subsection 21(6)(a) hereof as may be necessary to allow Council adequate time to consider and decide the owner's application to retain the restricted animal within the City.

Order to dispose of restricted animal

21(7) Where the animal control officer has reasonable grounds to believe that a person is keeping or harbouring, or has possession or control of, a restricted animal within the City without the written permission of Council, the animal control officer shall serve the person with an order in writing to dispose of the restricted animal within fourteen (14) days of receipt of the order or such shorter period of time as the circumstances may require and the order may provide, in which case the owner shall sell, give away or otherwise dispose of the restricted animal in accordance with subsection 21(6)(a) and any conditions imposed in the order of the animal control officer. Provided however, that if the owner has not already applied and been denied a permit to keep or harbour the restricted animal, the owner may make such an application in accordance with subsection 21(2), and the order of the animal control officer shall be suspended pending the decision of Council.

21(8) The onus shall be on the person upon which an order pursuant to subsection 21(7) has been served to establish either that:

- (a) the animal is not a restricted animal; or
- (b) the person has a permit from Council to keep or harbour the restricted animal.

21(9) Where the person has failed to establish either that the animal is not a restricted animal or that he has a permit from Council to keep or harbour the restricted animal, and the person has failed or refused to dispose of the restricted animal within the time frame contemplated by the order of the animal control officer, the animal control officer may seek an order or warrant from a provincial court judge, magistrate or justice of the peace, as required, to enter upon the land and premises of that person for the purpose of removing and disposing of the restricted animal. The animal control officer may engage the assistance of other persons if required to safely apprehend the restricted animal.

21(10) Upon apprehension and impoundment of a restricted animal, and provided that:

- (a) a written order was duly served on the owner as required by subsection 21(7); and
- (b) if an application for the written permission of Council to retain the restricted animal has been heard and denied by Council;

Council may proceed to order the animal destroyed or sold, and the animal control officer shall carry out the order of Council. The owner shall be liable for all costs associated with apprehension, impoundment and destruction or sale of the restricted animal. If the proceeds

of sale exceed any such costs and any fines imposed upon the owner for breach of this By-law, then the City shall refund the excess proceeds to the owner.

PART VIII: ILLTREATED ANIMALS

22(1) Where there are reasonable grounds to believe that an animal is impounded, yarded, or confined without necessary food, water, or attention, for more than fifteen consecutive hours, or is being wantonly, cruelly, or unnecessarily beaten, bound, tortured, ill-treated, abused or subjected to pain or discomfort, or is unduly exposed to cold or overcrowding either in an enclosure, or in transit, the animal control officer may by force, if necessary, open and enter into any place in which the animal is so impounded, yarded, or confined, supply the animal with necessary food, water, and attention, as long as it remains in that place, if he deems it necessary, remove the animal, and recover from the owner of the animal the amount of the expense necessarily incurred by him for food and attention; and the animal control officer is not liable for any entry or removal.

Where action is taken under this section by the City, in addition to the provisions of section 13, the owner of an ill-treated animal shall be guilty of an offence under this by-law.

PART IX: TEASING, ENTICING PROHIBITED

Official Breed Standard for the Staffordshire Bull Terrier

General Appearance: The Staffordshire Bull Terrier is a smooth coated dog. He should be of great strength for his size, and although muscular, should be active and agile.

Temperament: From the past history of the Staffordshire Bull-Terrier, the modern dog draws his character of indomitable courage, high intelligence, and tenacity. This, coupled with his affection for his friends, and children in particular, his off-duty quietness and trustworthy stability, makes him the foremost all-purpose dog.

Size: Weight - dogs, 28-38 lbs. (13-17 kg); bitches, 24-33 1/2 lbs. (11-15 kg). Height - (at shoulder), 14-16 in. (35-41 cm), these heights being related to the weights.

Coat and Colour: Coat smooth, short and close to the skin. Colour red, fawn, white, black or blue, or any of these colours with white. Any shade of brindle, or any shade of brindle with white. Black and tan or liver colour not to be encouraged.

Head: Short, deep through, broad skull, very pronounced cheek muscles, distinct stop, short foreface, black nose. The mouth should be level, i.e., the incisors of the bottom jaw should fit closely inside the incisors of the top jaw, and the lips should be tight and clean. Eyes: dark preferable but may bear some relation to coat colour. Round of medium size, and set to look straight ahead. Ears rose or half pricked and not large.

Neck: Muscular, rather short, clean in outline and gradually widening towards the shoulders.

Forequarters: Legs straight and well boned, set rather wide apart, without looseness at the shoulders, and showing no weakness at the pasterns, from which point the feet turn out a little.

Body: The body should be close-coupled, with a level topline, wide front, deep brisket, well-sprung ribs and rather tight in the loins.

Hindquarters: Should be well muscled, hocks let down with stifles well bent. Legs should be parallel when viewed from behind. The feet should be well padded, strong and of medium size.

Tail: Should be of medium length, low set, tapering to a point and carried rather low. It should not curl much and may be likened to an old-fashioned pump handle.
